

(a)

**INTERNATIONAL LIST ITEMS SUGGESTED BY US DELEGATION FOR "SPECIAL EFFORT"**

**A. Metalworking Machinery**

- 2007 Certain radial drilling
- 2016\* Certain cylindrical grinding machines
- 2017 Certain surface grinders
- 2036\* Automatic lathes (certain types)
- 2050 Automatic milling machines (cycle type)
- 2051 Milling machines -- certain types
- 2056(b) Carbide and carbide tipped tools
- 2072 Certain presses, mechanical and hydraulic

**B. Chemical Equipment**

→ Want study on Bloc situation re corrosion-resistant materials (related to 2140 drums and 2141 vessels).

**C. Electrical Equipment**

- 2250 Diesel engines, marine types (1500 hp or over; less than 200 rpm.)
- 2255 Internal combustion marine engines (over 100 hp)
- 2260 Marine steam boilers
- 2251 Diesel engines 65-200 hp
- 2265 Rotating electrical machinery

**D. Transport Equipment**

- Locomotives -- all sizes
- Rails -- all sizes
- Ships -- all countries, including non-CoCom (est. tonnage which would merely replace Bloc obsolescence)

**E. Metals and Minerals, in addition to lead and bearings**

- Aluminum
- Ferro-chrome
- Seamless steel pipe

\* CIA has previously advised that these items meet the embargo criteria and apparently the UL delegation to CoCom agrees.

- 1 - 2 - 1 -

**F. Tires**

- 2820 Tires (particularly medium and small size and  
significance of continued exports for vehicles  
of western origin)
- 2821 Tubes
